DEFINITIONS

Definition of a 'Background Speaker':

For the purpose of the WAMGLTA Speak Greek in June Competition, WAMGLTA's definition of a 'Background Speaker' is a student who is exposed to spoken Greek on a regular basis

outside of their school environment wherein they learn Greek formally; for example, Greek spoken at home by one or both parents/grandparents/relatives. “On a regular basis” implies using the Greek language to communicate, even if at a basic level, on a daily/weekly basis outside of the school environment.

Definition of a ‘Non-background Speaker’:

A ‘Non-background Speaker’ is a student who is not exposed to spoken Greek on a regular basis outside of the school environment wherein they learn Greek formally.

JUDGING CRITERIA

The **criteria** for judging the winner/s of each of the 8 categories above are:

(a) Fluency in speaking Greek.

Students must not read scripted text in this competition. Students can use palm cards or other prompts, or learn their lines off by heart, although a natural approach is preferred.

(b) Clear communication of meaning.

(c) Audience engagement (i.e., making eye contact with the audience/looking into the camera; using a few props/costume items to add appeal to the presentation, if relevant; using hand gestures/body language to add emphasis; varying voice pitch, etc.).

****Errors made in the course of speaking Greek are to be expected and should not prevent candidates from participating in this competition, which is intended to promote the speaking of Greek as a natural and enjoyable practice.***
